

What is the opportunity?

Exciting role for a Senior UI Developer to join a new team within AquaQ Analytics (a Deloitte Fast 50 Company 2017/2018) operating in the heart of Belfast, specializing in providing Real Time Data Analytics and Web platform solutions.

What will you do?

- Build modern web UIs using Angular/React/HTML/CSS in an agile environment.
- Interact with Java Microservices.
- Deploy within Azure/AWS cloud environments.
- Mentor junior employees.
- Assist the setup of a graduate training programme.
- Engage with business stakeholders.

What do you need to succeed?

- 4 years commercial experience working as a Software Developer, with at least 2 years spent on UI development with Angular, React or JavaScript.
- Ambition.
- Willingness to learn new technologies.
- Excellent Teamworking skills.

Benefits

In addition to highly competitive salaries we offer the following:

- Accelerated career progression/training and development plan.
- Company pension plan.
- Company bonus scheme.
- Increasing holiday entitlement.
- Cycle To Work Scheme.
- Free Food Friday (Once per month).

If you would like to be considered, please send your CV to careers@aquaq.co.uk
